When HRA active, civil aircraft may request permission to cross areas R610C and R610D from Tain Range on RTF frequency 122.750 MHz. Crossing permission will normally only be given when the areas are not in use by military aircraft; and crossing is to be effected by the most expeditious route. Otherwise, when HRA is active, entry of non-participating aircraft is prohibited unless flying in accordance with an authorisation given by the Low Flying Booking Cell (LFBC) at RAF Wittering. Arrangements are in place to enable non-participating aircraft to gain access to HRA Airspace on an opportunity basis. Pilots should make application on Freephone 0800-515544 or Freefax 0800-3892225 to the LFBC giving brief details of their intended flight or activity. If booked IFR military activity allows, pilots will be given permission to fly within the HRA for a period of up to three and a half hours from the time of the telephone call. However, it should be noted that military activity will still be conducted in VMC. In the event of an emergency which requires airborne assistance the HRA will be cleared of military low flying aircraft. Clearance for emergency services aircraft to enter the HRA will be given by Scottish Area Control Centre in conjunction with the LFBC and Kinloss Aeronautical Rescue Co-ordination Centre.
